this compelling volume helps students analyze zero tolerance policies in u s public
schools as authors debate the effectiveness and fairness of such policies readers will
form their own well researched opinion by evaluating each viewpoint offered ranging
in topics such as whether zero tolerance creates risks whether it harms teachers
whether it treats students and criminals and most importantly whether it violates a
student s rights

the theme of this book is simple everyone is created equal and is born with the rights
to live freely and healthfully to pursue happiness and to access the common good
everyone deserves the opportunities to experience these rights to abuse mistreat
deceive violently injure other people is to violate those rights no person deserves to be
abused i spent four years formulating plans for and researching the necessity and
practicality of integrating this idea into american public policy inalienable rights versus
abuse is the product of that effort inalienable rights versus abuse exposes the darker
side of america in which dwell the bullies the deceivers the indifferent hurters the
rights violators abusers come in all colors genders socio economic levels geographic
locations group affiliations and so forth this book explains how extensive abuse is in
america why it is a problem how to recognize abusers and what the reader can do
about them this book is for those who care enough to improve life in america for

everyone americans are divided over a number of issues on one side are those who believe all american citizens deserve opportunities to experience their individual inalienable rights on the other side are those who support the deprivation of rights opportunities for millions of us inalienable rights versus abuse explains on which side each of is in relation to a variety of national concerns

omics technologies and bio engineering towards improving quality of life volume 2 is a unique reference that brings together multiple perspectives on omics research providing in depth analysis and insights from an international team of authors the book delivers pivotal information that will inform and improve medical and biological research by helping readers gain more direct access to analytic data an increased understanding on data evaluation and a comprehensive picture on how to use omics data in molecular biology biotechnology and human health care covers various aspects of biotechnology and bio engineering using omics technologies focuses on the latest developments in the field including biofuel technologies provides key insights into omics approaches in personalized and precision medicine provides a complete picture on how one can utilize omics data in molecular biology biotechnology and human health care

former gay activist paves the way to peaceful conversation homosexuality and gay marriage stand among perhaps the greatest defining cultural battles of our age there s no escaping the inevitable conversations so how does a christian respond with love and biblical truth without adding fuel to the fire drawing on nearly thirty years of counseling people struggling with homosexuality former gay activist joe dallas takes readers through virtually every argument they are likely to hear in favor of normalizing homosexuality he helps readers understand the views of lgbt people they may know and respond with clarity confidence and compassion he shows the most effective ways to engage the subject on social media and in everyday encounters with guidelines for talking points dialogue approach and tone and even provides sample dialogue anyone who has been searching for ways to have productive loving conversations surrounding this critical topic will find this incredible resource a must have at one time or another every twenty first century christian is likely to be confronted about his or her views on homosexuality but how can we approach this challenging issue in a way that faithfully reflects jesus s heart and mind joe dallas answers that question in this clear and compelling guide for engaging others with both gentleness and biblical truth jim daly president focus on the family i ve often said no one understands the subject of same sex sexuality better than my friend joe dallas this book his best yet only confirms my conviction i m not speaking merely of joe s formidable knowledge of truth but also the wisdom of its application through crystal clear and concise communication in the wake of the june 2015 us supreme court s redefinition of marriage speaking of homosexuality will equip you to engage a topic that is foundational to human civilization hank hanegraaff president the christian research institute host of the bible answer man broadcast speaking of homosexuality is one of the most clear and informative books on the subject dallas responds to the most common revisionist arguments with clarity but also genuine kindness if you want one book to offer biblical and historical truth about homosexuality but also how to lovingly put that truth into action then you won t find a better book sean mcdowell phd professor of christian apologetics biola university author same sex marriage and apologetics for a new generation in answer to the urgency of our world s current situation joe dallas has now crafted a resourceful tool filled with biblical truth and insightful strategies speaking of homosexuality is essential for every person in need of answers for themselves a family member or a friend struggling with same sex attraction joni lamb cofounder daystar television network there is no question that one

of the most difficult issues facing the church today is the subject of homosexuality but god didn't leave us in the dark on the topic of human sexuality he gave us clear directives for this part of our lives so that we might experience the abundant life he promises but speaking those guidelines to a confused church and a hardening culture isn't easy no one does it better than joe dallas like no other voice i hear joe both lives and ministers with that continual balance of truth and love on this most contentious topic in a day where christians are growing more silent we need a book like this to teach us how to winsomely engage while never retreating from god's protective truth this is a must read for the church today janet parshall nationally syndicated talk show host

to help readers gain a better understanding of conflicts over the proper role of religion in american public schools this book focuses on the seven major types of conflicts that have become particularly confrontational thomas does not take sides rather he lays out the arguments their historical and cultural contexts and the groups that debate them and their goals anyone wishing to gain a better understanding of the controversies surrounding religion in american schools will find here not just a review of the issues but a deeper consideration of the causes consequences and future of the debates conflicts over the proper role of religion in schools and particularly in public schools supported by tax monies are frequently featured in news reports for example in the united states there currently are conflicts over the teaching of evolution inserting the word god in the pledge of allegiance conducting school holiday celebrations posting the biblical ten commandments in schools and praying at school functions people who are interested in such controversies often or perhaps usually fail to understand the historical backgrounds to the conflicts and therefore do not recognize the very complex factors that affect why the controversies become so heated to help readers gain a better understanding of such matters this book focuses on the seven major types of conflicts that have become particularly confrontational during the first decade of the twenty first century the cases on which the chapters focus concern issues that currently are being hotly debated in america controversies are described in relation to their historical origins and the author shows how the history affects current understanding of the issues thomas does not take sides in the arguments rather he lays out the arguments their historical and cultural contexts and the groups that debate them and their goals anyone wishing to gain a better understanding of the controversies surrounding religion in american schools will be happy to find here not just a review of the issues but a deeper consideration of the causes consequences and future of the debates and the role of religion in our public schools

this book references correlations parities differences and possible solutions of some of life's new and emerging challenges political connotations are just a metaphor and auspices of destined profound moral indignations realizing in this life no one but no one has all the definitive answers to any or all real world solutions except for personal and collective opinions that we experience every day this writer being a pragmatist innovator scientist and commentator conveys researched concepts of opinions of personal collective edifications coupled with amusing personal and informative skits

a forward truth real truth is never offensive except for the blinders of personal perspectives of latent benign ambiguities of realities and historical perceptions without positive cognitive change something sleeps inside us all and seldom awakens this sleeper began to awaken in the mid 1950s and has stayed awake ever since as many and all have eyes but cannot fully or truly see as an eye for an eye will always leave you blind
