the following pages contain the substance of a discourse on the resurrection of the body preached in erie pa late in the fall of 1845 the occasion of the sermon was the introduction of numerous copies of a book written by george bush professor of hebrew in the new york university the avowed object of the book is to overthrow the commonly received opinion of the resurrection of the body these books were extensively circulated and read some embraced the new theory others found their faith weakened by the bewildering speculations of the learned author under these circumstances believing the error inculcated in the book to be fundamental that it aimed a fatal blow at the very vitals of christianity that it led directly in all its tendencies to infidelity a refutation was undertaken and the following discourse in three parts delivered during three successive sabbaths advertisement

taking inspiration from a different interpretative tradition the classic work of raymond brown on the birth and death of the messiah francis moloney has provided a comprehensive narrative reading of the resurrection stories of all four gospels in close association with their passion narratives to which they are the stunning response the book traces how the four eangelists different telling of the resurrection stories has narrated the action of god for jesus and the action of god and jesus for all christians in and through the early church s belief and experience of the resurrection of jesus the final chapter discusses what we can recover about the events of easter day and more importantly what these events meant then and continue to mean today back cover

bryan combines literary historical and theological approaches in this study of the doctrine of the resurrection throughout he exhibits a willingness to face hard questions as well as an appropriate reverence for a faith that for almost two thousand years has enabled millions of people to lead lives of meaning and grace

the resurrection of jesus is one of the central beliefs of the christian faith this belief and teaching cut across all the christian denominations hence paul teaches that if christ had not risen from the dead then we would have been the most foolish of all religious groups but the fact that he christ died and came back to life gives us the opportunity to glory in the resurrected christ the book the power of the resurrection is centered on the resurrection of jesus and the meaning that this resurrection has for us as individual christians who believe in the risen lord it is not a theological work aimed at defining the resurrection nor is it a historical work aimed at tracing or verifying the veracity the resurrection no it is rather a faith lifting book on the basis of the resurrection story as we have it in the christian bible just as jesus rose from the dead in the midst of all the opposing tides so shall those who trust in him rise above all opposing tides in their life jesus could not be stopped so also by the grace of him who rose from the dead nothing is going to stop your upliftment and manifestation also the resurrection shall be your experience in your daily life and at the end of time he who raised jesus from the dead shall give life

to your own mortal body too this is the argument of the book Jesus the son of God came into the world for the love of humanity his teachings were misunderstood and so through the journey to Calvary he was crucified and died on the cross on Calvary yes he died the chief priests and the scribes and the pharisees in conjunction with Pilate conspired against him he was sentenced to death he accepted the death willingly and lovingly he died that we might be saved hence his death brought salvation to the world however before he died he promised the resurrection he did not hide the fact of the resurrection openly he said the son of man shall be delivered into the hand of sinners he shall be put to death but on the third day he will rise again in another place he said destroy this temple and in three days I shall raise it up and there was misunderstanding again the people thought he was referring to the physical temple but from scripture we know he was referring to his body rising from the dead thus he did spoke about the resurrection quite clearly this is where this book hinges its weight because he promised the resurrection after the execution the chief priests and the soldiers knowing what he was capable of doing asked the permission of Pilate for the grave to be guarded till the third day this is because he said on the third day I will rise again they knew that it could happen they said this man who gave sight to the blind who raised the dead Lazarus and also Jairus daughter who cleansed lepers who casts out devils this same man said on the third day I will rise again and they concluded if he should rise again from the dead then it will be worse for us hence they received the permission to guard the grave to prevent any rising from the dead humanly speaking therefore the resurrection would not have been possible this is because they did everything to prevent it they put a very big stone to wedge the entrance hence no coming out and no going in more so they stayed on guard with weapons to prevent any fraudulent act they were prepared to kill again even if he should try to come out of the grave that is if he was able to overcome the wedging stone therefore from the human point of view it was impossible by their calculation they have overcome they have conquered and they have become victorious

this volume highlights the sustained focus in Acts on the resurrection of Christ bringing clarity to the theology of Acts and its purpose Brandon Crowe explores the historical theological and canonical implications of Jesus's resurrection in early Christianity and helps readers more clearly understand the purpose of Acts in the context of the New Testament canon he also shows how the resurrection is the fulfillment of the Old Testament scriptures this is the first major book length study on the theological significance of Jesus's resurrection in Acts

what would happen if believers truly grasped how the resurrection of Jesus changes not just their own standing with God but that it changes everything in the spirit of John Piper's fifty reasons why Christ came to die

steven d mathewson unpacks the new testament scriptures that speak of the reasons jesus was raised from the dead in fifty brief chapters he offers readers faith filled meditations on the primary passages on the resurrection taking these ancient truths and applying them to contemporary life with compelling insight he shows why jesus not only had to die but why his resurrection was necessary and how our lives change when we understand and embrace this essential truth of the christian faith

the event of jesus resurrection is like the event of creation there were no eye witnesses so how does one make sense of the story of the resurrection or rather stories for not one but many diverse reports survive from early christianity brandon scott suggests that we must begin by erasing all christian art about the resurrection from our memory and then forget all the sermons we heard at easter the best way to understand the resurrection he argues is to arrange the texts chronologically and observe how the story itself developed the resurrection of jesus a sourcebook begins with just such a list compiled with commentaries by robert w funk it proceeds to a report of the jesus seminar's votes on the resurrection followed by a collection and discussion by robert price of resurrection stories found in the greek culture of jesus day and an in depth study by arthur dewey of a little known resurrection story in the gospel of peter the final essays in the volume by roy w hoover and thomas sheehan explore the origins of belief in jesus resurrection and help put the pieces back together again in ways that make sense in the modern world

in our secular age there is perhaps no claim more stupendous than that jesus christ rose from the grave for this claim introduces an unacceptable supernaturalism into the culture's materialist worldview yet the resurrection of jesus christ is at the center of the christian religion from the earliest days of the faith christians proclaimed that christ was risen and not only that but his resurrection means something in alive how the resurrection of christ changes everything dr gabriel n e fluhner demonstrates that there is good reason to believe in the resurrection of jesus christ he explores the evidence for the resurrection rebuts popular arguments against it and provides application for christians in a hostile culture dr fluhner begins by surveying the current landscape of ideas when it comes to the resurrection focusing especially on the arguments of bart ehrman of the university of north carolina chapel hill he goes to sketch out some plausibility structures for the historical reality of christ's resurrection including the marked change seen in the apostles next he provides an overview of the bible's testimony concerning the resurrection beginning in the old testament and continuing with an examination of the gospels acts and the rest of the new testament finally dr fluhner concludes with some applications regarding how understanding the reality of the resurrection bears on the christian life

reflects on the central mystery of faith how new life springs from death invites readers to contemplate the central mysteries of christ s incarnation passion death and new life
